

Bruce Bishop
General Manager
CeraMem® Ceramic Membrane Systems

Mr. Bishop leads the CeraMem ceramic membrane systems group within Veolia Water Solutions and Technologies. The CeraMem technology was acquired in 2008 from CeraMem Corporation when Mr. Bishop was its President and CEO. Prior to running CeraMem, Mr. Bishop had numerous business and technical leadership positions within CeraMem and its spin-off commercial venture, CeraMem Separations LLC over the span of 17 years. Mr. Bishop has a Ph.D. in materials science from the Massachusetts Institute of Technology.
